Subject: Microsoft Settlement

The settlement is wrong. Microsoft appears to be avoiding federal corporate taxes. Microsoft appears to be illegally retaining profits from shareholders. Microsoft appears to be illegally distributing a "End User License Agreement" (EULA). I request that the case be properly investigated, the EULA be required to be rewritten, an injunction stopping campaign contributions and other bribes distributed by Microsoft, and a Special Prosecutor installed to investigate the failure of government officials to enforce the current laws when Microsoft is involved.
